Network

- The extra large 10.2-inch color touch screen allows you to operate your device with ease and confidence through smart and intuitive navigation, easy access to workflow solutions and shortcuts
- Print and copy at speeds as fast as 50 ppm in both black and color
- Choose from four output options, including a five-bin mailbox, an offset stacker, a staple finisher, and a staple with hole punch finisher
- Save time by scanning both sides of your document in one pass with robust color-scanning capabilities and an input capacity of up to 75 pages
- The front USB port allows for convenient walk-up preview, printing and scanning, and is compatible with most printable image file formats
- The Lexmark Extra High Yield Print Cartridge delivers up to 20,000\* pages, reducing interventions, cartridge waste and cost

### Lexmark Solutions

Reduce unnecessary printing and simplify work processes through solutions applications preloaded on your device. Choose additional Lexmark solutions to fit your unique workflow needs.

#### Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

#### Scan to Network

Scan a hardcopy document and route the image to one of 30 predefined personal or public shared network folders.

#### Recommended Monthly Page Volume

"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

#### Trademarks
